Bids, Contracts and Agreements:

Rescind Award of Bid from TK Elevator for RFCC Elevator Modernization Project and Re-Award Bid – Parks & Recreation Director Steve Grant presented for consideration rescinding the award of Bid from TK Elevator Corporation for the Riverfront Community Center Elevator Modernization Project and re-award the bid to Otis Elevator Company. Bids were received and reviewed for the modernization of the elevator at the Riverfront Community Center on March 19, 2025. At the City Commission meeting on March 25, 2025, the City Commission approved the low bid from TK Elevator Corporation in the amount not to exceed \$168,720.00. Starting the following day, the City Clerk's office began providing all necessary documents to TK Elevator, including the contract signed by the Mayor after approval at the meeting. Since that time, response from TK elevator has been very lapse. Communication attempts by phone and email from both the Parks and Recreation Department, as well as the City Clerk's Office, went unanswered over the next two-week period. Finally, after providing a deadline for the documents return, a response was received on April 14th that the sales executive was looking into the status of the documents. After no further response from inquiries from staff, on April 29th City Clerk Bodensteiner gave a deadline for document submission of 5:00pm Friday, May 2nd. The TK Sales Executive transferred document submission responsibility to a TK Contract Lead. With short notice of the deadline to the contract lead, in good faith the City extended the deadline into the following week, giving a hard final deadline for documents to be submitted by noon Thursday, May 8th. By this deadline, the City still had not received the signed contract, as well as the maintenance bond. There is \$183,789.20 allocated in the 2025 CIP for this project. The balance of \$6,910.80 can be funded by CIP reserves.

Commissioner Martin moved to rescind the award of bid for modernization of the elevator at the Riverfront Community Center from TK Elevator Corporation in the amount of \$168,720.00. Commissioner Wilson seconded the motion and the motion was unanimously approved. Mayor Pittman declared the motion carried 5-0.

Commissioner Hingula seconded the motion and the motion was unanimously approved. Mayor Pittman declared the motion carried 5-0.

Award of Bid for Storm Water Project at 6th Ave & Spruce – Public Works Director Brian Faust presented for consideration award of a construction services contract with Linaweaver Construction Company for the 6th Avenue and Spruce Stormwater Repairs Project. The area inlet located in the middle of 6th Avenue north of Spruce Street currently has a rusted corrugated metal pipe connecting two storm structures together. The rusted pipe partially collapsed and caused a medium sized sinkhole in front of the north structure. As a result, the City filled the failure with concrete to help protect drivers and pedestrians. In 2024, the City contracted with BG Consultants to design repairs at this location. The project consists of replacing a storm line and localized full-depth base repairs. The new line is located in the middle of 6th Avenue and there will be localized short duration road closures during this project. Project plans, specifications and location map were developed by City Staff and BG Consultants. The project was advertised for bid on the Bonfire platform and bids were opened on May 7, 2025. The cost of the contract is \$100,980.00. The Stormwater Capital Projects Fund – Orange Fence Projects included \$125,000 for this project.

Commissioner Wilson moved to award the bid and authorize the Mayor to execute a contract for the 6th Avenue and Spruce Stormwater Repair Project to Linaweaver Construction Company, in the amount not to exceed \$100,980.00. Commissioner Hingula seconded the motion and the motion was unanimously approved. Mayor Pittman declared the motion carried 5-0.
