Commissioner Maxwell seconded the motion and the motion was unanimously approved. Mayor Bauder declared the motion carried 5-0.

**Consider Transient Merchant Permit Waiver Request for Military Collectors Show at Riverfront Community Center** – City Clerk Sarah Bodensteiner presented for consideration an application for a waiver requested by Edward Trevor Brown for the use of the Riverfront Community Center on February 6-7, 2026 for a Military Collectors Show. The show has been held at the RFCC for several years. City Code prohibits Transient Merchant permits on city property but does allow the Commission to grant waivers. All fees for use of the facility and permits would still apply should the waiver be granted.

Commissioner Pittman moved to grant the waiver of a Transient Merchant Permit for use of the Community Center for the Military Collectors Show on February 6-7, 2026. Commissioner Hollister seconded the motion and the motion was unanimously approved. Mayor Bauder declared the motion carried 5-0.

**2026 Cereal Malt Beverage Licenses** – City Clerk Sarah Bodensteiner presented for consideration the request to approve and issue renewal 2026 Cereal Malt Beverage Licenses for the following entities: 818 Nails Salon Inc. at 619 S 4<sup>th</sup> Street and Towne Pub Restaurant at 1001 Ottawa Street. We are also seeking approval of a new Cereal Malt Beverage License for Pioneer Food Mart at 700 Eisenhower Road. The Police Department performed a records check and approved all applications for issuance of Cereal Malt Beverage Licenses.

Commissioner Pittman moved to approve the Cereal Malt Beverage Licenses for 2026 as presented. Commissioner Wilson seconded the motion and the motion was unanimously approved. Mayor Bauder declared the motion carried 5-0.

**Consider Request Regarding Special Assessments for Grass and Weeds for 714 Kiowa, 1017 Osage and 403 Olive** – City Clerk Sarah Bodensteiner presented for consideration a request from the property owner that the special assessment/nuisance fees be abated and/or reduced on the following properties: 714 Kiowa, 1017 Osage and 403 Olive. In 2024 and 2025 City Code Enforcement ordered clean-up/mowing at the below properties. The City contracts with a 3<sup>rd</sup> party contractor for Code Enforcement mowings. When a Code Enforcement mowing occurs, the City sends an invoice to the property owner with the cost of the mowing and an administrative fee. Should invoices remain unpaid, the City files a Lien against the property for non-payment of the mowing invoices. Should the invoices remain unpaid still, the City will place a Special Assessment for the unpaid amount(s) on the property. For these particular properties both a Lien and Special Assessment were placed due to non-payment of mowing invoices. K.S.A 12-1617e allows cities to abate nuisances like tall weeds and grass at the property owner's expense and allow the city to perform the work and assess the costs as a special assessment or lien against the property itself, making it run with

the land rather than just the owner. These properties did end up at a Leavenworth County Tax Sale, and the County will list any applicable liens for each parcel in the Tax Sale. While the current property owner purchased these properties at Tax Sales and may not have been the property owner of the properties at the time the mowings were completed, they are requesting the Commission consider abatement or reduction of the Special Assessment amounts that were added to the Tax Rolls. In the past, in some instances the City Commission has reduced the fees for similar requests to the actual cost of the mowing/clean-up incurred by the city and a \$100.00 administration fee per property. The Commission can also choose to reduce the fees to a different amount.

Commissioner Maxwell moved to modify the Special Assessments to the actual cost of the mowings and half of the administrative fees for each property. Commissioner Hollister seconded the motion and the motion was unanimously approved. Mayor Bauder declared the motion carried 5-0.

**Revocation of Home2Suites Lodging Establishment License** – City Attorney David Waters presented for consideration formal revocation of the 2025 Home2 Suites lodging establishment license for nonpayment of transient guest taxes (TGT). Home2 Suites operates a lodging establishment within the City at 250 Delaware Street. Home2 Suites has been operating under a lodging establishment license through the City pursuant to City Code Sec. 12-216 *et seq.* Home2 Suites’ license expired by its own terms as of December 31, 2025. Under City Charter Ordinance No. 60 (2018), the City charges a transient guest tax of ten percent (10%) upon “the gross receipts derived from or paid directly or through an accommodations broker by transient guests for sleeping accommodations, exclusive of charges for incidental services or facilities, in any hotel, motel or tourist court.” Transient guest taxes are due from Home2 Suites on a monthly basis. Throughout 2025, Home2 Suites failed to make timely payments of its transient guest taxes. By way of example only, payments for January through July 2025 were due and paid as follows:

<u>FILING PERIOD</u>	<u>DATE PAID</u>
January 25, 2025	March 14, 2025
February 25, 2025	April 18, 2025
March 25, 2025	June 13, 2025
April 25, 2025	June 13, 2025
May 25, 2025	July 24, 2025
June 25, 2025	August 18, 2025
July 25, 2025	September 15, 2025

As of October 31, 2025, Home2 Suites had made no payments for August or September 2025 and had also not paid late penalty fees for prior months which were not timely paid. On October 31, 2025, the City Clerk sent Home2 Suites a letter advising that Home2 Suites was behind on its payments. The City Clerk received confirmation of Home2 Suites’ receipt of that letter on November 5, 2025. In the October letter, the City advised that, pursuant to City Code Sec. 12-25, the City would mandatorily deny any future license because Home2 Suites was indebted to the City for unpaid transient guest taxes. The letter to Home2 Suites also advised of the City’s intent to revoke any licenses that may allow Home2 Suites to continue operating under Charter Ordinance No. 60 which provides, in relevant part: For serious or repeated and/or continuous violations of any of the requirements of this Charter Ordinance, or for interference with the City staff performance of duties, any license to operate or conduct business as a hotel, motel, or tourist court may be suspended and/or permanently revoked after an opportunity for a hearing before the City

Commission has been provided. Prior to such action, the City Clerk shall notify the license holder in writing, stating the reasons for which the license is subject to suspension and advising that the license shall be temporarily suspended at the end of thirty (30) days following service of such a notice, unless a request for a hearing is filed with the City Clerk, by the license holder, within ten (10) days. Accordingly, Home2 Suites was advised that, if payment was not received, its then-current license to operate would be temporarily suspended. The City did not receive the required payments from Home2 Suites of its transient guest taxes. Therefore, on December 31, 2025, the City sent Home2 Suites another letter that, pursuant to Charter Ordinance No. 60, its license had been temporarily suspended, and that Home2 Suites was prohibited from operating and doing business in the City. On December 18, 2025, Home2 Suites made one additional payment of transient guest taxes attributable to August 2025. As of the date of this report, Home2 Suites is delinquent on payments for September, October, and November 2025 (and will soon be delinquent for December 2025), and is also delinquent on certain late payment penalty fees. Again, Home2 Suites' license expired by its own terms in any event as of December 31, 2025. Home2 Suites has not applied for and the City Clerk has not issued a new annual license to operate. However, City staff understands that Home2 Suites continues to operate. Notwithstanding that (1) Home2 Suites' 2025 license has expired, (2) Home2 Suites has not applied for nor received a 2026 license, and (3) the City has temporarily suspended its then-current license, out of an abundance of caution, the City Attorney believes that the City Commission should take formal action pursuant to Charter Ordinance No. 60 to permanently revoke Home2 Suites' license.

Commissioner Hollister moved that pursuant to Charter Ordinance No. 60, and as a result of unpaid transient guest taxes, the City Commission permanently revoke any license or permission that the owner or operator of Home2Suites, located at 250 Delaware Street in the City of Leavenworth, currently has or may have to operate a hotel, motel, or lodging establishment at or from such location. Commissioner Maxwell seconded the motion and the motion was unanimously approved. Mayor Bauder declared the motion carried 5-0.

### **Resolutions:**

**Resolution B-2413 to Set Public Hearing for Fire Damaged Structure for 130 Logan Street** – Chief Building Inspector Harold Burdette provided the background information. On July 17, 2025 the structure was damaged by fire; the city received a check from insurance proceeds. This money is to be used by the City to either remove the structure if the owner decides not to address the issue or be returned to the property owner once repairs are completed and the structure is ready for occupancy or the structure has been demolished by the owner. A public hearing is required to determine if the structure should be demolished or if the owners will commit to making improvements within a time frame acceptable to the City Commission. This Resolution sets the Public Hearing date of March 10, 2026.

Commissioner Pittman moved to adopt Resolution B-2413 setting the public hearing for March 10, 2026 regarding the fire damaged structure located at 130 Logan Street. Commissioner Hollister seconded the motion and the motion was unanimously approved. Mayor Bauder declared the motion carried 5-0.

### **Bids, Contract and Agreements:**

**Consider Award of Bid for Main Electrical Switchgear Replacement at WWTP** – Public Works Director Brian Faust presented for consideration award of contract for the removal and replacement of the main switchgear at the wastewater treatment plant (WWTP). The existing switchgear at the WWTP is vintage

1970's equipment. If power goes down at the plant from one of the two different lines feeding the plant, the switchgear is used to switch to the other feed. The current gear is a manual switch requiring staff to contract with a 3<sup>rd</sup> party with the appropriate equipment to safely make this change. Depending on the availability of the 3<sup>rd</sup> party, the plant may be down for an extended period of time. The new switchgear uses current technology and will automatically switch to the active feed in case of failure. This limits the plant downtime and is a significant safety enhancement. Project plans and specifications were prepared and were advertised for bid, with bids being opened on December 3, 2025. In coordination with Black & Veatch, it is important as part of the project to include testing of the existing 2 – 15kv capacitors. This testing will add \$7,770 to the contract price for a total of \$1,506,887.00.

Commissioner Hollister moved to authorize the Mayor to sign a contract for the replacement of the main switchgear and capacitor testing at the Wastewater Treatment Plant with Capital Electric Company, Inc., in an amount not to exceed \$1,506,887.00. Commissioner Wilson seconded the motion and the motion was unanimously approved. Mayor Bauder declared the motion carried 5-0.

**Consider Award of Contract for 2026 Camp Leavenworth Event Management** – CVB Manager Kristi Lee and Deputy Parks & Recreation Director Brian Bailey presented for consideration a comprehensive management contract with O'Neill Events and Marketing for the 2026 City of Leavenworth festival. The City's signature event, Camp Leavenworth, is scheduled for September 18<sup>th</sup> and 19<sup>th</sup>. This will be the seventh year of the festival that brings thousands of residents and visitors together. Last year's event saw attendees enjoy two days of music, activities and food. Tourists experience the First City through local food trucks, two downtown breweries, twenty local craft vendors, a chalk art activity, a 5k run and local dance performances. O'Neill Events and Management has been the event organizer for several years. They have been integral in finding creative ways to highlight Leavenworth and make the event unique. The 2026 Scope of Work includes the same expectations as last year including the City's Finance Department managing the finances in-house.

Commissioner Maxwell moved to approve the comprehensive management contract with O'Neill Events and Marketing for the 2026 City of Leavenworth Camp Leavenworth Festival in an amount not to exceed \$74,000.00. Commissioner Hollister seconded the motion and the motion was unanimously approved. Mayor Bauder declared the motion carried 5-0.

#### **First Consideration Ordinances:**

**First Consideration Ordinance Rezoning 220, 226 and 232 Seneca Street from R-MF to CBD** – Planning & Community Development Director Kim Portillo presented for first consideration an ordinance to rezone the property located at 220, 226 and 232 Seneca Street from Residential Multi-Family (R-MF) to Central Business District (CBD). The applicant is requesting the rezoning to allow a parking lot use, clean-up spot zoning and to allow for uses that are more appropriate for the location of the property. The parcels directly to the north along Miami Street are zoned R1-6 and consist of single-family homes. To the south is Planters II Apartment zoned CBD, and the adjacent property to the east is Abernathy Lofts zoned CBD. The northwest corner of the intersection, west of 3<sup>rd</sup> Street, is also zoned CBD with a single-family residential house. At 220 Seneca, the property is currently an existing vacant lot that has been graded in preparation for a parking lot to accommodate the Abernathy Lofts located at 200 Seneca. 226 and 232 Seneca are existing vacant lots and will remain such at this time. The rezoning of 226 and 232 Seneca is being requested to align with the remaining parcels on the block and to expand the potential future uses of the

parcels for commercial uses. The Planning Commission considered this item at their December 1, 2025 meeting and voted 5-0 to recommend approval of the rezoning. Ms. Portillo reviewed the Conditions of Determination that were referenced in the Policy Report.

There was consensus by the Commission to place the ordinance on first consideration.

### **Staff Report:**

**Review Options to Address Vacancies in the City Commission** – City Attorney David Waters reviewed options regarding the filling of a vacancy in the position of City Commissioner. During a recent review of the City Code, City Staff noticed that—despite the City having adopted relatively-new procedures for filling the role of “mayor” in the event of a vacancy, City Code does not appear to have any provision setting forth how vacancies in the City Commission generally are to be filled. At the September 9, 2025, City Commission meeting, the City Attorney proffered a draft ordinance which would fill vacancy positions by appointment, with consent of the full City Commission. The City Commission asked that Staff review further whether the City could adopt procedures for electing (at a special election) replacement commissioners. As part of researching the question of whether the City could fill vacancies via special election, City Staff reached out to the Leavenworth County Elections Office, which advised that it had spoken with the Kansas Secretary of State. The County stated that the Secretary of State advised that, for cities of the first class (such as Leavenworth), the provisions of K.S.A. 13-513 apply to vacancies. The City Attorney does not agree with this position. Although Staff could find no indication that the City ever “chartered out” of this statute (and others surrounding it in the same act), this statute speaks to a “council” and not a “commission”; the City does not have “wards”; the City does not have a “president of the council”; etc. Furthermore, the statutes surrounding this statute reflect the powers of council and mayors in “mayor-council” cities, not “commission-manager” cities such as the City of Leavenworth. Rather, at some point in its past, the City adopted a “commission-manager” form of government. The commission-manager form of government was previously authorized under a completely different set of statutes, K.S.A. 12-2001 *et seq.* These enactments were all repealed by the Kansas Legislature in 2015; however, that does not mean that the City’s form of government was no longer authorized. That is because, also in 2015, the Legislature adopted a “savings” statute preserving current cities’ form of government, K.S.A. 12-184a. Indeed, as part of the City’s 2019 recodification, the City adopted an ordinance with Code Sec. 2-19(a), which reflects that continuation language. Therefore, it is the City Attorney’s opinion that the vacancy-appointment procedures of K.S.A. 13-513 do not apply to the City of Leavenworth. Nevertheless, out of an abundance of caution, the City Attorney is recommending that the City go ahead and charter out of this statute. Leavenworth is unique among many cities in that members of the commission can be elected for either four-year or two-year terms. Therefore, finding a one-size-fits-all approach can be difficult. As an example, if a vacancy occurs in a four-year term, a pure appointment process can lead to a commissioner serving a long term without a vote of the people. If a vacancy occurs in a two-year term, the cost and timing of holding a special election for a short period of time may not be worth it. In either case, the impact of the Kansas Legislature’s HB 2022 in 2025 makes any special election (that is not held in conjunction with a regular primary or general election) difficult to coordinate and hold. Attorney Waters proposed two (2) charter ordinances: 1. One offering a pure appointment process; and 2. One offering a mix of appointments with special elections only held where the vacancy would be for a longer term (a “hybrid”).

### **Consent Agenda:**

Commissioner Wilson moved to approve Claims for December 5, 2025 through January 8, 2026, in the amount of \$4,644,326.76; Net amount for Longevity Pay effective December 5, 2025 in the amount of \$41,091.16; Net amount for Payroll # 25 effective December 12, 2025 in the amount of \$445,431.30 (No Police & Fire Pension); and Payroll # 26 effective December 26, 2025, in the amount of \$416,931.43 (Includes Police & Fire Pension in the amount of \$7,753.58). **Commonwealth Development Corporation Affordable Housing Project**

**ISSUE:**

Consider approving the 2026 Letter of Support, B-2414 Resolution of Support with Fee Waiver and Resolution B-2415 Non-Binding IRB Resolution of Intent for the 2<sup>nd</sup> Avenue affordable housing project by Commonwealth Development Corporation.

**BACKGROUND:**

Commonwealth Development Corporation will again apply for tax credits through the Kansas Housing Resources Corporation (KHRC) to develop 2604 2<sup>nd</sup> Avenue into 43 affordable housing units. To support past applications, the City previously approved a Letter of Support, a Resolution of Support with Fee Waiver for \$40,000 and a Non-Binding IRB Resolution of Intent for \$8.7 million. The project did not score high enough, even with City support, to receive approval in the competitive process for state and federal Low Income Housing Tax Credits (LIHTC). For their 2026 LIHTC application, they are requesting the City approve \$80,001 for the fee waiver. They believe the additional \$40,001 will make their project more likely to receive funding with additional points in the program criteria. They have also requested an increase in Industrial Revenue Bonds (IRBs) to \$9.95 million to reflect increased costs for building materials since their initial plans in 2024. The IRBs allow project materials to be purchased exempt from sales tax. The City incurs no fees for that process and is under no financial obligation for those bonds.

Any request for City economic development incentives requires the consideration of whether or not the project could proceed without the requested incentives. Per the developer's financial calculations, the project will not be feasible without City and state/federal incentives. The project also must support City economic development goals. The creation of new affordable housing falls within the City's Economic Development Policy under, "Housing developments for seniors and the disabled are of the highest priority. It is the City's intention to encourage development of housing for residents of all ages, abilities and incomes." The project's mix of one, two and three bedroom apartments will be available based upon income criteria that benefits all housing categories, ranging from 30% to 60% of the Area Median Income (AMI).

**RECOMMENDATION:**

Staff recommends approval of the 2026 Letter of Support, B-2414 Resolution of Support with Fee Waiver and Resolution B-2415 Non-Binding IRB Resolution of Intent for the 2<sup>nd</sup> Avenue affordable housing project by Commonwealth Development Corporation. Fee waiver amounts that apply to hard costs the City will incur to extend sanitary sewer infrastructure will utilize economic development fund reserves.

B-2366.**

**WHEREAS**, the City of Leavenworth, Kansas (the “Issuer”) desires to promote, stimulate and develop the general economic welfare and prosperity of the City of Leavenworth, and thereby to further promote, stimulate and develop the general economic welfare and prosperity of the State of Kansas; and

**WHEREAS**, pursuant to the provisions of the Kansas Economic Development Revenue Bond Act, as amended and codified in K.S.A. 12-1740 *et seq.* (the “Act”), the Issuer is authorized to issue revenue bonds for such purposes, and it is hereby found and determined to be advisable and in the interest and for the welfare of the Issuer and its inhabitants that revenue bonds of the Issuer in a principal amount not to exceed \$9,950,000 be authorized and issued, in one or more series, to provide funds to pay the costs of the acquiring, constructing and equipping of a Multifamily Housing facility (the “Project”) to be located at 2604 2<sup>nd</sup> Avenue and to be leased by the Issuer to Commonwealth Development Corporation, or its successors and assigns (the “Tenant”).

**NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF LEAVENWORTH, KANSAS:**

Section 1. **Public Purpose.** The governing body of the Issuer hereby finds and determines that the Project will promote, stimulate and develop the general economic welfare and prosperity of the Issuer, and thereby further promote, stimulate and develop the general economic welfare and prosperity of the State of Kansas.

Section 2. **Authorization to Acquire Project; Intent to Issue Bonds.** The Issuer is hereby authorized to proceed with the acquiring, constructing and equipping of the Project and to issue its revenue bonds, in one or more series, in a principal amount not to exceed \$9,950,000 (the “Bonds”) to pay the costs thereof, subject to satisfaction of the conditions of issuance set forth herein.

Section 3. **Conditions to Issuance of Bonds.** The issuance of the Bonds is subject to: (a) the passage of an ordinance authorizing the issuance of the Bonds; (b) the successful negotiation of a Trust Indenture, Site Lease, Project Lease, Bond Purchase Agreement or other legal documents necessary to accomplish the issuance of the Bonds, the terms of which shall be in compliance with the Act and mutually satisfactory to the Issuer and the Tenant; (c) the successful negotiation and sale of the Bonds to a purchaser or purchasers yet to be determined (the “Purchaser”), which sale shall be the responsibility of the Tenant and not the Issuer; (d) the receipt

of the approving legal opinion of City's bond counsel in form acceptable to the Issuer, the Tenant and the Purchaser; (e) the obtaining of all necessary governmental approvals to the issuance of the Bonds; and (f) the commitment to and payment by the Tenant or Purchaser of all expenses relating to the issuance of the Bonds, including, but not limited to: (i) expenses of the Issuer and the Issuer Attorney; (ii) any underwriting or placement fees and expenses; (iii) all legal fees and expenses of Bond Counsel; and (iv) all recording and filing fees, including fees of the Kansas Board of Tax Appeals.

Section 4.     **Sales Tax Exemption.** The Governing Body hereby determines that pursuant to the provisions of K.S.A. 79-3601 *et seq.* (the "Sales Tax Act"), particularly 79-3606(b) and (d) and other applicable laws, sales of tangible personal property or services purchased in connection with construction of the Project and financed with proceeds of the Bonds are entitled to exemption from the tax imposed by the Sales Tax Act; provided proper application is made therefore. In the event that the Bonds are not issued for any reason, the Tenant will not be entitled to a sales tax exemption under the terms of the Sales Tax Act and will remit to the State Department of Revenue all sales taxes that were not paid due to reliance on the sales tax exemption certificate granted hereunder.

Section 5.     **Reliance by Tenant; Limited Liability of Issuer.** It is contemplated that in order to expedite acquisition of the Project and realization of the benefits to be derived thereby, the Tenant may incur temporary indebtedness or expend its own funds to pay costs of the Project prior to the issuance of the Bonds. Proceeds of Bonds may be used to reimburse the Tenant for such expenditures made not more than 60 days prior to the date this Resolution is adopted. The Bonds herein authorized and all interest thereon shall be paid solely from the revenues to be received by the Issuer from the Project and not from any other fund or source. The Issuer shall not be obligated on such Bonds in any way, except as herein set out. In the event that the Bonds are not issued, the Issuer shall have no liability to the Tenant.

Section 6.     **Further Action.** The Clerk is hereby authorized to deliver an executed copy of this Resolution to the Tenant. The Mayor, Clerk and other officials and employees of the Issuer, including the Issuer's counsel and Bond Counsel, are hereby further authorized and directed to take such other actions as may be appropriate or desirable to accomplish the purposes of this Resolution, including, but not limited to: (a) cooperate with the Tenant in filing an application for a sales tax exemption certificate with the Kansas Department of Revenue with respect to Bond-financed property; and (b) execution on behalf of the Issuer of the information statement regarding the proposed issuance of the Bonds to be filed with the State Board of Tax Appeals pursuant to the Act.

Section 7.     **Effective Date; Repealer.** This resolution shall become effective upon adoption by the Governing Body. Resolution No. B-2366 of the governing body of the Issuer is hereby repealed.

**Policy Report No. 01-2026  
Purchase of Four (4) Police Patrol SUVs  
January 27, 2026**

Prepared by:

  
Maj. Dan Nicodemus  
Deputy Chief of Police

Reviewed by:

  
Penny Holler  
Assistant City Manager

**ISSUE:**

The Police Department is requesting approval to purchase four (4) 2026 Dodge Durango Police Package SUVs. The vehicles will replace existing police patrol vehicles.

**STAFF RECOMMENDATION:**

Staff recommends purchase of four (4) 2026 Dodge Durango Pursuit AWD SUVs from Landmark Dodge in the amount of \$173,684.

**BACKGROUND**

Each year, the Police Department reviews the police vehicle fleet and asks for replacement of vehicles with high mileage and/or for vehicles that are too cost prohibitive to repair and maintain. It is essential for the police department to have reliable vehicles for responding to emergencies. This usually equates to the replacement of approximately five vehicles per year, which renews the 24-vehicle police patrol fleet every five years, on average. In preparation for the 2026 CIP police vehicle replacement plan, staff identified a need to replace four police patrol vehicles. As you may know, the city is transitioning back to purchasing vehicles rather than leasing them. Funds were allocated and approved in the amount of \$259,600 to replace the four vehicles. This amount covers the purchase of vehicles and equipment as well as removal and reinstallation of the equipment.

Staff reviewed the current state contract for police patrol SUVs from the Kansas Division of Purchases-Office of Procurement and Contracts. The state contract for the 2026 Dodge Durango AWD Police Pursuit SUV is currently held by Davis-Moore Chrysler Dodge Jeep Ram (CDJR) in the amount of \$43,338. Additional options needed for an equal comparison increase the amount to \$44,677. This vehicle meets the police department's specifications for police patrol vehicles. Staff was able to locate the same vehicles available from Landmark Dodge in the amount of \$43,421 each, or \$1,256 less than the state contract per vehicle.

### **BUDGET IMPACT**

The City of Leavenworth allocated \$259,600 in the 2026 police vehicle replacement CIP budget to replace four police patrol vehicles. Remaining funds in the amount of \$85,916 will be set aside to purchase new equipment, the removal of old equipment, installation of new equipment, and vehicle graphics. Approval for those purchases, if necessary, will be brought back to the City Commission at a later date.

### **COMMISSION ACTION**

Authorize the Police Department to purchase four (4) 2026 Dodge Durango AWD Police Pursuit SUVs from Landmark Dodge for \$173,684.

The State shall not be precluded from receiving the benefits of any insurance the Contractor may carry which provides for indemnification for any loss or damage to property in the Contractor's custody and control, where such loss or destruction is to state property. **Issue:**

Consider the purchase of 500 Low-Pressure, High-Volume Ultraviolet (UV) Lamps and Associated parts from the Ray Lindsey Company to replace all lamps in Channel #1 of our Trojan 3000plus UV system.

**Background:**

The Ultraviolet disinfection system was placed in service in 2012. New lamps are warrantied for 12,000 hours or 36 months from the date of purchase. The current lamps installed in 2023 and have 10,985 hours on them. These are the third-party lamps from Epec Water and they are burning out faster than the original Trojan lamps. Although we have been receiving warranty replacements for the lamps, the system downtime and employee time to keep replacing them as they burn out is costly. Some Epec lamps have been replaced with older Trojan lamps that are out of warranty as well.

In an effort to save on the cost of replacing lamps, the City has maintained a steady flow to UV system by installing Variable speed drives for several pumps in our upstream pumps. This has resulted in less on and off cycles of the lamps meaning fewer hour and fewer chances of lamps and ballast burning out. Staff has also worked with Ray Lindsey Company to reprogram the lighting controller. This adjusts the number and intensity of the lamps that are on at any one time. Further reducing hours on the lamps and extending their operational life. These efforts have bought another couple of years on each channel.

Staff previously looked into a 3<sup>rd</sup> party with the same style of lamps and the city purchased lights in 2022 from a third party vendor - Epec Water. These lamps had a reduced cost but we have had problems with them burning out prematurely. Along with that, we ran the lamps for two months and at the end of the second month the lamps appeared less effective than the lamps purchased from Trojan Technologies. E-coli numbers were close to and exceeding permit limits set forth by the State of Kansas. WPC staff reverted to another channel with older Trojan Technologies lamps to keep the plant under permit levels.

At this time staff would like to stay with Trojan Technologies. We know these lamps continue to work and staff doesn't have to continuously change them out of the normal cleaning cycle.

**Budget Impact:**

The total cost for these items is \$202,269.45. There is funding in the Sewer Fund to cover this expense.

48 Wiper Seal Kits \$383.80 per kit

500 lamps 25-pack @ \$8,641.80 per pack

48-10 pack sleeve sealing O-ring \$3.45 per pack

Included is Surcharge and freight

WPC city staff will remove and replace lamps.

**Staff Recommendation:**

The Staff recommends the City Commissioners approve the purchase of 500 UV lamps with the associated parts and supplies from Ray Lindsey Company for a cost not to exceed \$202,269.45.

CONSIDER AWARD OF  
BRINE MAKER AND STORAGE TANKS  
PUBLIC WORKS DEPARTMENT - STREET DIVISION

January 27, 2026

Prepared by:

**Issue:**

Consider the approval of the cooperative purchasing bid through Sourcewell from C & H Outdoor LLC for the purchase of a Camion BrineMaster Brine Make Kit-BM3000 and two (2) 5200-gallon poly brine storage tanks in the amount of \$55,329.57.

**Background:**

The 2026 CIP included \$75,000 for the purchase of deicing equipment. Department staff made the decision to utilize Sourcewell national pricing under the statutory authority of KSA 12-2901 for the cooperative purchase. This program allows the City to purchase equipment that meets our needs while guaranteeing that standard governmental purchasing practices are followed.

The bid includes delivery, training and installation. The brine maker comes with a 1-year warranty, and the tanks have a 10-year warranty.

**Budget Impact:**

The 2026 CIP included funding in the amount of \$75,000 for a new brine maker. This unit and tanks are approximately \$19.6k under budget. There will be some additional costs incurred by the city for electric and plumbing work needed at the site. These costs should be under \$19.6k.

**Staff Recommendation:**

Staff recommends that the City Commission approve the purchase of a Camion BrineMaster Brine Maker Kit-BM3000 and two (2) 5200-gallon poly storage tanks for \$55,329.57 from C & H Outdoor LLC, 6024 N. Broadway, Park City, KS 67219.

Penny Holler,

**ISSUE:**

The city rejected the bid for Ferrous Chloride on December 9, 2025 as the one bid received was double the budgeted amount. After rebidding, the issue this evening is to consider approval of the bid for Ferrous Chloride used in the operation and maintenance of the Wastewater Treatment Plant.

**BACKGROUND:**

Ferrous chloride is added to the influent to help control odors from plant processes. The one bid received in December from Technology International was for \$3.30/lb of Fe. The city received 3 proposals when this item was rebid. The low bid received was from Pennco, Inc.

Company	Location	Price/lb	Total Estimated Cost
Pennco, Inc.	Texas	\$1.61/lb	\$ 53,140
PVS Technologies	Michigan	\$1.65/lb	\$ 54,450
USP Technologies	Virginia	\$2.93/lb	\$ 96,690

**BUDGET IMPACT:**

The price bid for Ferrous Chloride for 2026 is less than last year (last year the cost was \$1.665/lb.). Funds are budgeted to cover this amount.

**STAFF RECOMMENDATION:**

Staff recommends approval by the City Commission of the low bid for Ferrous Chloride from Pennco, Inc. at a cost of \$1.61/lb with an estimated total cost of \$ 53,140.

14TH AND OSAGE STORMWATER IMPROVEMENTS

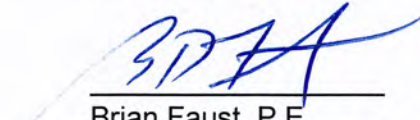

Project 2023-014

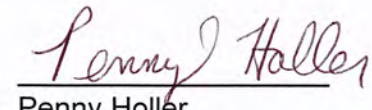

January 27, 2026

Prepared by:

  
Justin Stewart,  
Project Manager

Reviewed by:

  
Brian Faust, P.E.,  
Director of Public Works

  
Penny Holler,  
Assistant City Manager

**ISSUE:**

Consider bids received and possible award of the 14th and Osage Stormwater and Sanitary Improvements.

**BACKGROUND:**

The Public Works Department was informed of a crossroad culvert collapsed on May 16, 2022. After visiting the site, it was determined that the existing corrugated metal pipe (CMP) was undersized and completely rusted through causing a sinkhole in the road pavement. The CMP in the alley directly north of Osage Street, has rusted to the point where it collapsed and required a temporary repair. A large steel road plate was placed in the roadway and has remained there since then. The inlet box located on the south side of Osage Street was found to have two pool drain connections through the sidewall. Changes to water regulations concerning pool discharge require these hydro conduits to be re-routed to the sanitary sewer system to capture, convey and treat the discharge at our Wastewater Treatment Plant.

In August 2025, the Engineering Department of Public Works engaged Affinis Corp. Engineering for the design of the project.

The project plans were prepared, and the project was advertised for bid in the Leavenworth Times and at Euna Procurement. Bids were opened on January 21, 2026. Bid results are shown below and in the attached bid tabulation.

Company	City	Total Bid
Linaweaver Construction	Lansing, KS	\$150,705.00
Westland Construction, Inc.	Basehor, KS	\$167,742.00
LEXECO, Inc.	Leavenworth, KS	\$196,930.05
Base Bid Engineer's Estimate		\$158,425.19

Work is expected to begin this spring with a late starting date of April 6, 2026, and be completed in 45 calendar days.

**POLICY:**

The City Commission generally awards a contract to the lowest bidder if the bid is less than the Engineer's estimate and whose evaluation by the City indicates that the award will be in the best interest of the City. Linaweaver Construction Co. was the lowest bidder and met all bidding requirements. Linaweaver has completed stormwater repair projects for the City in the past and the prior work was completed within the required timeframe and specifications.

**BUDGET IMPACT:**

The cost for construction is \$150,705.00. Funding is available in the Stormwater Capital Fund. As a portion of the project is associated with addressing a sanitary issue, the cost will be split between stormwater and sanitary funding.

Inspection will be by City Staff.

**RECOMMENDATION:**

As there may be unknown conditions encountered during construction, staff feel that a 10% contingency, in addition to the contract amount, is appropriate. Staff recommends that the City Commission authorize the mayor to sign a Construction Services Contract with Linaweaver Construction Co. for the 14th and Osage Storm and Sanitary Improvements in the amount of \$150,705.00 with an additional 10% (or \$15,000) authorized for any needed change orders.

**ITEM:**

Bids for the Downtown ADA Ramp Improvements were opened by KDOT on January 21<sup>st</sup>, 2026. While KDOT will be the agency that officially awards the contract, our agreement with KDOT states that the award will be to the lowest Responsible Bidder upon concurrence in the award by the City.

**BACKGROUND:**

The City of Leavenworth submitted and was awarded a Transportation Alternatives (TA) grant from KDOT for ADA ramp improvements in our downtown. The agreement with KDOT stated that they would be responsible for 100% of the construction and construction engineering (inspection) costs up to a maximum of \$629,750. If the costs came in higher, the city would fund the difference.

Project Information:

- ADA ramp improvements at intersections between Broadway and Esplanade and Choctaw and Seneca.

**BIDDING:**

KDOT advertised the project and 2 bids were received on January 21, 2026.

<u>Company</u>	<u>Bid</u>
Julius Kaaz Construction CO. Inc.	\$420,420
Freeman Concrete Construction LLC	\$630,314

KDOT typically does not share their engineering estimate, however the bid from Kaaz met with KDOT's approval. Julius Kaaz Construction is the lowest Responsible Bidder with a total cost of \$420,420.

**CONSTRUCTION ENGINEERING (CE):**

Construction Engineering will be provided by Olsson for an approximate cost of \$62,899. Total eligible costs for the project per the original agreement with KDOT are:

Construction:	\$420,420
<u>Construction Engineering:</u>	<u>\$ 62,899 (estimate)</u>
Total	\$483,319 (estimate)

**BUDGET IMPACT:**

Based on the low bid, the city's share of construction and construction engineering will be \$0.00.

KDOT's Share	\$ 483,319
<u>City's Share</u>	<u>\$ 0</u>
Total	\$ 483,319

**RECOMMENDATION:**

Staff recommends that the City Commission concur with KDOT's recommendation to award the project to Julius Kaaz Construction and Olsson for construction engineering.

**POLICY REPORT  
FIRST CONSIDERATION ORDINANCE  
2025-22 SUP  
1922 5<sup>th</sup> Avenue**

**JANUARY 27, 2026**

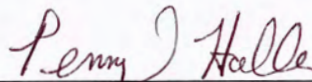

**SUBJECT:**

Place on first consideration an ordinance to approve 2025-22 SUP to allow an in-home Child Care Center in the R1-6, High Density Single Family Residential Zoning District

**Prepared By:**

Kim Portillo  
Director of Planning and  
Community Development

**Reviewed By:**

Scott Peterson,  
City Manager

**ANALYSIS:**

The applicant, Savannah Nelson, is requesting a Special Use Permit to allow the operation of Child Care Center in their home located at 1922 5<sup>th</sup> Avenue. The property is currently zoned R1-6 (High Density Single Family Residential District). Child Care Centers are allowed in the R1-6 zoning district with issuance of a Special Use Permit.

The applicant previously received approval of a Special Use Permit in 2018 to operate a Child Care Center at the subject property, 1922 5<sup>th</sup> Ave. That structure was damaged by fire in 2020, and the applicant relocated to 220 Spruce St., and was issued a Special Use Permit to operate a Child Care Center at their new home on Spruce St. The applicant has since relocated back to the subject property (1922 5<sup>th</sup> Ave.) and intends to continue her Child Care operations. The State of Kansas has issued the applicant a temporary permit to care for a maximum of 12 children, dependent upon the ages of the children in care. The temporary permit expires February 28, 2026. The Child Care Center will operate Monday-Friday from 6:00 a.m. to 11:00 p.m. and is housed on the main floor of the home. The space includes a front room, dining area, dedicated daycare play space, main bathroom, kitchen, and a fenced outdoor play area with approximately 4,500 SF of open space. There are designated off-street areas in the front and back of the property for safe drop-off and picking up of passengers.

**CONDITIONS OF DETERMINATION**

In recommending approval of a special use, the Planning Commission may impose such conditions, safeguards and restrictions as may be necessary to carry out the general purpose and intent of the ordinance. The development regulations stipulate specific conditions as a requirement for the approval of Child Care Centers as follows:

1. Shall not be located along an arterial street as designated on the Major Street Plan Map unless indirect vehicular access to that street, such as with a frontage road is available. The City Planner, with the advice of the DRC, shall determine if the drop off and pick up arrangements of a childcare center or business appear safe. Appeal of any negative decision shall be to the City Commission.

*The subject property is located along 5<sup>th</sup> Avenue, which is classified as a Secondary Collector street.*

2. Shall provide at least one hundred (100) square feet of open space per child. This open space shall be 100% enclosed by a minimum four (4) foot high fence or wall.  
*The subject property includes a back yard area of approximately 4,500 SF, enclosed by a 4' high chain link fence.*
3. Shall provide a loading zone capable of accommodating at least two (2) automobiles for the easy picking up and discharging of passengers.  
*The subject property includes a paved driveway in the front capable of accommodating 2 cars at one time, and a paved driveway in the back accessed off West 7<sup>th</sup> Street capable of accommodating 3 cars at a time, providing an adequate loading zone for the safe picking up and discharge of passengers.*
4. Shall conform to all requirements of the State of Kansas and shall acquire a State of Kansas Child Care Center License.  
*The applicant has provided a copy of their temporary permit from the Kansas Department of Health and Environment (KDHE), which expires February 28, 2026. The applicant shall provide a copy of their permanent license once obtained.*
5. All childcare centers operated in residential zoning districts shall be the only legal residence of the operator.  
*The home functions as the only residence of the operator/owner.*
6. Childcare centers in residential districts may have one non-illuminated monument sign with no more than 3 square feet per side and a maximum of 2 sides or one non-illuminated sign affixed to the main structure of 3 square feet.  
*No signage is currently displayed on the property. Any signage displayed in the future will conform to this requirement.*

The Planning Commission took action on this item at their January 5, 2026 meeting and voted 5-0 to recommend approval of the special use permit.

**ACTION/OPTIONS:**

- Place an ordinance on first consideration to approve the Special Use Permit request to allow in home Child Care Center at 1922 5<sup>th</sup> Avenue.
- Deny the Special Use Permit request to allow in home Child Care Center at 1922 5<sup>th</sup> Avenue.
- Remand the Special Use Permit request to allow in home Child Care Center at 1922 5<sup>th</sup> Avenue to the Planning Commission for further consideration.
